

Part 4 — Operations, Print, HR, Finance, Legal, and Governance

Physical assets, internal controls, and brand governance

1. Operations Branding

1.1 Phlebotomist Uniform

Element	Recommendation
Base Colour	Black, white, or Zelnoo Amber Orange #F08E04 by role/season
Logo	Left chest, horizontal lockup if space allows
Back Print	"Diagnostics, democratized." or "Zelnoo Collection Partner"
Fabric	Summer-friendly, breathable, quick-dry

Preferred: Black polo + orange logo, black cap + orange logo, black bag + orange logo, ID card with photo/QR.

1.2 Bag Branding

Element	Recommendation
Logo	Icon + ZELNOO wordmark
Tagline	"Diagnostics, democratized."
Service Highlight	"30 mins collection*" only if operationally accurate
QR Code	Orange if scannable; otherwise black QR + orange frame
Print Location	Front panel, away from seams/straps/zippers
Method	Screen print, DTF, heat transfer, UV print, or patch

1.3 ID Cards

Front: Logo, photo, name, ID number, role, QR verification, validity. **Back:** Company name, emergency contact, return instructions.

1.4 Sample Labels

Operational only. Black text on white, barcode/QR, sample ID in DM Mono, patient initials, collection date/time, test type, lab destination. No orange behind barcodes.

2. Corporate Templates

2.1 Business Card

Front: Logo (centered or top-left), black/white premium bg, optional tagline. **Back:** Name, designation, phone, email, website, address, QR. **Finish:** Matte lamination, spot UV on logo, optional orange edge paint.

2.2 Letterhead

Logo top-left, thin orange line below header, DM Sans/Aptos body, footer with legal name/CIN/GST/address.

2.3 Email Signature

Name Surname | Designation | Zelnoo Private Limited

M: +91 XXXXX XXXXX | E: name@zelnoo.com | W: www.zelnoo.com

Diagnostics, democratized.

Logo 120–150 px. No large banners, multiple colours, or motivational quotes.

2.4 Invoice / Receipt

Logo top-left, document type top-right, orange divider, transaction ID in DM Mono, GST separated, payment status chip, legal footer.

3. Document Standards

Department	Documents
HR	Offer letter, appointment letter, NDA, onboarding checklist, ID card request
Finance	Invoice, receipt, payment confirmation, salary sheet, vendor PO
Operations	Inventory sheet, collection checklist, incident report, handover log
Legal	Agreements, addendums, consent templates, privacy notices
Sales	Proposal, quotation, partner onboarding deck, corporate health proposal
Product	PRD, release notes, API docs, QA checklist

4. Print and Production

CMYK for #F08E04: C:0 M:41 Y:98 K:6. Always approve physical samples.

Asset	Method
Business cards	Offset/digital, matte lamination, spot UV optional
Uniform polo	Embroidery or DTF/heat transfer
Cap	Embroidery
Phlebo bag	Screen print, DTF, UV print, or patch
ID card	PVC print + lamination
Stickers	Vinyl waterproof
Letterhead	Digital/offset or Word template
Posters	Digital print, matte finish

Vendor Handoff Checklist:

- Logo in SVG/PDF/CDR/AI
- PNG preview
- Exact print size in mm
- Placement mockup

- Colour code #F08E04
- Material/fabric details
- Print method
- Quantity
- Sample approval required
- Transparent background spec

6. Asset Management

6.1 Folder Structure

- 01_Logos/ (SVG, PNG_Transparent, PDF_Print, Monochrome)
- 02_Colors_Tokens/ (css, tailwind, react-native, figma)
- 03_Typography/ (font guidelines)
- 04_Templates/ (presentations, social, email-sig, cards, letterhead, invoices, POs)
- 05_Operations/ (uniforms, bags, ID-cards, labels, stickers)
- 06_Product_UI/ (web, mobile, admin components)
- 07_Marketing/ (campaigns, brochures, WhatsApp, LinkedIn)
- 08_Legal_HR_Finance/ (approved templates)
- 09_Archive_Legacy/ (old colours, old logos)

6.2 File Naming: lowercase + hyphens

zelnoo-email-signature-standard-v1.html

zelnoo-phlebo-bag-front-print-v1.pdf

zelnoo-polo-black-left-chest-logo-v1.png

Version	Meaning
V0.x	Draft / concept
V1.0	Approved first production
V1.1	Minor update
V2.0	Major redesign

8. Legal Identity

"Zelnoo" for: Website, app UI, marketing, social, customer comms, product.

"Zelnoo Private Limited" for: Contracts, offer letters, vendor POs, invoices, receipts, bank docs, government, legal disclaimers, privacy policy.

Legal Footer:

© {year} Zelnoo Private Limited. All rights reserved. Zelnoo enables diagnostic discovery, booking, logistics coordination, and report access. Testing and reports are provided by selected diagnostic partners.

9. Brand Governance

Asset Type	Approval From
Logo changes	Founder / Brand owner
Colour changes	Founder / Product owner
UI tokens	Product + Engineering
Marketing campaigns	Marketing + Founder
Legal/HR/Finance templates	Legal/Finance/HR owner
Uniform/bag production	Operations + Founder
Public claims	Compliance/legal

Pre-Publish Checklist:

- Correct logo with clearspace
- Primary #F08E04, no old #F5B400
- Fonts consistent
- Message clear and compliant
- CTA obvious
- Medical claims accurate
- QR scannable
- Correct file naming

10. Brand Rollout Plan

Phase 1 — Core Identity Lock

- Finalize #F08E04
- Finalize logo files (SVG, PNG, PDF, mono)
- Finalize tagline
- Archive old #F5B400
- Create shared folder
- Publish brand kit

Phase 2 — Digital Implementation

- Website: header, hero, buttons, cards, footer
- Consumer App: splash, icon, CTAs, booking, vault
- Partner App: task cards, checklist, route
- Lab Portal: dashboard, tables, forms, status
- Doctor/Admin portals
- Email and WhatsApp templates

Phase 3 — Marketing & Sales

- LinkedIn page, banners, templates
- Pitch deck, sales brochures
- WhatsApp creatives
- Visiting cards

Phase 4 — Operations & Physical

- Phlebotomist bag, polo, cap
- ID cards, labels, stickers
- Vendor PO template

Phase 5 — Governance & Audit

- Weekly review during launch
- Monthly UI audit
- Quarterly vendor material review

- Pre-campaign checks

11. Brand Incident Handling

A brand incident = incorrect or outdated branding used publicly.

Examples:

- Old #F5B400 in new creative
- Logo stretched on banner
- Wrong wordmark spelling
- Unsupported medical claim
- Wrong QR on bag/poster
- Vendor prints wrong colour

Correction Process:

- Identify asset and channel
- Stop distribution
- Replace with approved version
- Notify vendor/team
- Update source file
- Record in audit log
- Add prevention rule

14. Final Principle

The brand shows up in every interaction — how a customer books, a phlebotomist collects, a lab uploads, a doctor accesses, finance sends a PO, and sales presents the platform.

Same logo.

Same orange.

Same typography.

Same trust-first language.

Same operational clarity.

Same premium healthcare technology feel.

That is the standard for Zelnoo.
